### Principal's Message

Last Friday we held our annual athletics carnival and were very lucky weather wise. While the clouds were black and reports were of heavy showers all around, the few showers we had were not enough to dampen the spirits of our competitors. Congratulations to all the children on their display of sportsmanship.

Championship medals will be presented at a later date once they have been engraved. Names and times of each event will be forwarded to the District Carnival co-ordinator as the change of date clashes with our KROP performance. We will be notified if any students have qualified for Regionals after next week.

Thank you to the P&C for a lovely warm lunch on Friday. Also a very big thank you to all the parent helpers, we couldn’t manage without you.

### Education Week

This week marks the celebration of Public Education. Tomorrow students will be planting trees with the Bland Shire in recognition of National Tree Day. The shire will also be supplying a BBQ lunch and donating trees to be planted in our school gardens and surrounding areas. Students are asked to bring a pair of gardening gloves if they wish to assist with the tree planting. After lunch we will be having open classrooms, followed by a whole school assembly and Book Fair purchases. All welcome!

### How2Learn

This term we will be learning about the ‘Resourcefulness’ aspect of learning. The dispositions associated with this learning habit are; questioning, making links, reasoning, imagining and capitalising.

Infants News
The sound for this week in the Kinder class is ‘ie’, as in pie, tie and lie. In Year 1 and 2, the focus sound in spelling list words is ‘r’ and ‘rr’. In Literacy, the children have thoroughly enjoyed practising the Farmer Duck play, which is a role play of a story about how important it is to try hard and work together. We are looking forward to performing this tomorrow, as part of our open day assembly.

Our Math focus for the week is Position and Multiplication. This will include mathematical language such as ‘groups’ and ‘rows’, ‘times’ and introduction of the multiplication symbol.

Our study of ‘Transport’ continues in HSIE with a further classification of transport forms. This week the children will be exploring one of these forms as well as corresponding visual texts, looking at workers, signs, buildings, facilities etc related to the transport mode.

In Science we will be continuing our discussions about movement and beginning a mini study of toys. We will be focussing on the ways toys move and the forces that allow them to move and how science involves exploring the world around us and using the senses.
